---

I can't get in touch with him on such short notice but I did leave him a message and sent an email. I may find out early tomorrow morning. Do you want to have the call and if Dave can make it, I'm sure he will join us. Otherwise, I can pass along the necessary information. Since it's going on 2 months without a response to our comments, I'd rather not delay any longer.

Thanks  
Carolyn

**Subject:** RE: slag/sediment sampling

Carolyn, we do want our ecological risk assessor to speak with yours prior to preparing a written response as we think it will be more efficient. May suggest that in lieu of the meeting tomorrow we have a conference call, say at 9:15, which includes the risk assessors?

Thank you.

Ron

**From:** Casey, Carolyn [<mailto:Casey.Carolyn@epa.gov>]  
**Sent:** Monday, May 13, 2013 4:01 PM  
**To:** Ronald W. Ruth  
**Subject:** RE: slag/sediment sampling

Our risk assessor has been to the site before and is familiar with the slag, the extent of the material and the erosion or the material into the embayment. The comments that were previously sent, prior to the slag sampling, were based on observations made during that site visit.

I'm sorry but due to resource limitations, we do not believe another site visit by our risk assessor is necessary at this time. Is there something that you think we did not already see or that would convince us to modify our established risk assessment process for this site?

I'd be glad to still meet you there and I can pass along any new information to our risk assessor but perhaps in the interest of everyone's limited time and resources, a written response to the comments would be more appropriate.

Please let me know what you prefer.

Thanks  
Carolyn

**To:** Casey, Carolyn  
**Subject:** RE: slag/sediment sampling

Carolyn, we are disappointed your risk assessor cannot attend. We frankly think he/she is vital to the meeting as in large part we wanted to have our risk assessor point out the particular aspects of this site to that person. That is the primary Agenda item (will provide an agenda). Is there anyway he/she can attend?

Thanks,  
Ron

**Subject:** RE: slag/sediment sampling

Agenda, list of people attending? Our ecological risk assessor can't attend. A written response to the comments and a written plan to address the issues would be useful and may be necessary for our ecological risk assessor's review and further input.

Thanks

Carolyn

I am working at home today at 978-462-6479 and will be in the office Tues-Thurs. Friday is a planned furlough day.

I could meet at the site this Wed or Thurs morning.

Next week I am available to meet at the site Mon, Wed or Thurs. Tues I am avail for a call except 10-1.

Thanks

Carolyn

Carolyn and Marilyn, obviously this has been an odd week.

Could we plan to talk with you next week as to next steps... we believe it would be constructive to meet at the site and talk in context about your questions. We have some thoughts as to how to proceed.

Thank you.

Ron

Please see the attached draft comments on the Technical Review of the QAPP Data Summary Report Retail Development-South Parcel Former United Shoe Machinery (USM) Facility Beverly, MA dated May 2012.

Please note the comments are marked draft. If necessary, could we plan to discuss this the week of April 15<sup>th</sup>. I will be out of the office until then.

The second attachment (pdf) is referred to in the comments as attachment 1

Thanks

Are the results for the slag/soil sampling along the Bass River in Beverly reportable concentration under the MCP and if so, has a report been prepared and submitted to the DEP?

Thanks
